Suprasorb® F Protects wounds and secures dressings.

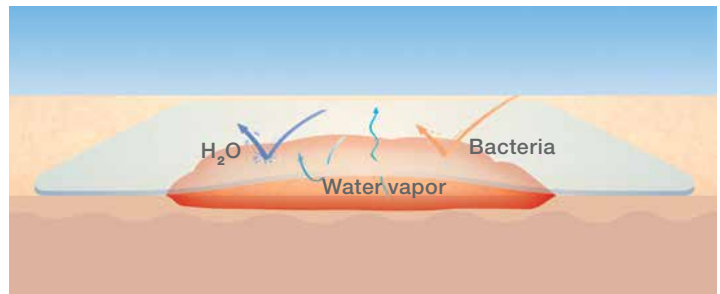

Suprasorb® F is a breathable, flexible polyurethane film which repels fluids and protects the wound or puncture site from bacterial colonization from the outside.

Benefits

- Flexible and conformable for comfort
- Easy application and secure fixation
- Can be worn even when showering
- Transparency encourages wound inspection
- Helps reduce friction and shear injury

Indications

- For the management of wounds which are:
 - ◆ Lightly exuding
 - ◆ Superficial
Such as:
 - ◆ Venous ulcers
 - ◆ Post surgical wounds
 - ◆ Pressure sores
 - ◆ Donor sites
 - ◆ Abrasions
 - ◆ Superficial burns
- It is also suitable as a secondary dressing to secure and protect primary dressings and for IV and catheter securement.

Suprasorb® F film wound dressing
sterile, individually-sealed
